

Notice of full weekend road closure, A422, Westbury

September 2023 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. If you have any questions about these works, please contact our Helpdesk to find out more. You can sign up for regular updates in your local area at www.hs2inbucksandox.co.uk.

What are we doing?

Throughout 2023, we have been carrying out preparatory works for the temporary diversion of the A422. This temporary diversion will enable us to keep the A422 open while we begin construction on the new permanent realignment and overbridge, that will eventually carry traffic over the high-speed rail network.

We are now ready to complete the tie in works that will join the new temporary road and roundabout to the existing A422. These works will include the installation of lighting, signage, resurfacing and white lining. Once these works are completed, the local authority will carry out a road safety audit before the temporary road diversion and bridge are opened to the public.

For reasons of safety, these works and the road safety audit will require full 24-hour road closures.

There will also be traffic management for two weeks along the A422. This traffic management will allow our teams to finalise utility connections to prepare for the tie in works at the end of September.

When will these works take place?

A section of the A422 will be fully closed, 24-hours a day, from 8pm Friday 22 September to 6am Monday 25 September 2023.

Our teams have ensured these works will not clash with our works along the A43.

As a contingency, should there be delays to our works, this full weekend closure will take place from 8pm Friday 29 September to 6am Monday 2 October.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk
