Additional information

To safely be able to redirect utilities in the area we will need a series of road closures and some traffic management along the A422 outside our compound.

Where we will be working

We will be working on the A422 between Brackley and Westbury. Please see a map below showing the closure points and the approved diversion route.

When we have lane closures with traffic management they will be within the closure points on alternating sides of the temporary bridge.

Please contact us if you'd like a free copy of this document in large print, Braille, audio or 'easy read' format. You can also contact us for help and information in a different language.

Holding us to account

If you are unhappy for any reason, you can make a complaint by contacting our HS2 Helpdesk team. For more information, visit: www.hs2.org.uk/how-to-complain

We have an independent Residents' and Construction Commissioner who helps settle disputes and monitors the way in which we manage and respond to complaints about construction.
