

Spin, slither, crawl, wriggle, and roll! You are your baby's best playmate!

"Little Bods" comes to Brackley Town Hall

Weekly sessions from Thursday 18th September 2014

In this weekly session you will explore together with your baby or toddler, movement play activities to make playtimes fun.

In "Little Bods" each child's own movement stage is valued and encouraged through playful physical activities that engage the senses and the whole body.

Babies respond to their world beginning to wiggle roll, slither and crawl to learn about themselves and what they can do. With the help of encouraging adults around them, this develops into purposeful physical play and lays the foundation for future learning!

"Little Bods" is based on the successful movement play training programme delivered by Fundango, promoting movement play with staff in early year's settings throughout the local area.

Cost per session: £5 per adult with one child + £1 per additional sibling. First session is FREE!

It is hoped that "Little Bods" Brackley will become a model for other groups to spring up in the area and provide an opportunity for anyone interested in running a licensed Little Bods movement play group themselves. To find out more, please get in touch: littlebods@cherwellandsouthnorthants.gov.uk
