

Parents Of Young People?

Do you know where your children are going tonight?

Have you made arrangements to take them to or collect them from a party?

Do you know who they are visitng?

Parenting isn't easy, and we have all been children. But recently we have had a issue where under aged children were left stranded in a village in the early hours after being ejected from a property. Fortunately they came to no harm but it could have been different.

We also have issues where children and out and about at weekend. Whilst the majority are quite law abiding, some choose language that others consider to be inappropriate which can be overheard. It is this kind of improper behaviour that has a negative impact on how young people are perceived, even the majority.

If you are driving Mum or Dad's Taxi Service over the weekend please ensure your child has made arrangements to get home safely.
