Come along : *and join the Brackley Local Group*

For a talk on “The Brackley Green Wheel Project”
by the Wildlife Trust’s Matt Johnson & Alan Smith

Monday November 27th 2017 | 7.30pm - 9pm

at Brackley Methodist Church, (on the corner of Hill Street), Brackley, NN13 7DT

The Brackley Green Wheel is a joint project between the Wildlife Trust and Brackley Town Council and aims to improve the environment of Brackley for wildlife and people through a series of habitat, access and interpretation projects.

The project is funded by the “Radstone Fields” development site on the northern edge of Brackley town. Wildlife surveys were undertaken this summer and the first set of habitat works are planned for this winter focused around the pocket park and the other stretches of nearby disused railway.

The talk will explain the background to the project, what works are planned now and in the future as well as a look at the local wildlife of the Brackley area.
